REACH Statement

July 5, 2023

EUROPEAN UNION REGISTRATION, EVALUATION, AUTHORIZATION AND RESTRICTION OF CHEMICALS (REACH) STATEMENT

Fascomp is in compliance with the requirements of Annex XVII: restrictions on the manufacture, placing throughout the market or use of certain substances, mixtures and articles, as well as the identification of any substances of very high concern (SVHC), in accordance with REACH Annex XVII.

Fascomp products do not contain more than 0.1% w/w of any of the 235 substances listed in REACH Annex XIV, dated June 14, 2023, as of the date of publication of this document, with the following exceptions:

- Cadmium plated parts (-1, -2 & -3 plating codes), and brass products, which contain 2.98% lead by weight.
- Steel 12L14, which contains .217% lead by weight
- Aluminum 2011 R, which contains .324% lead by weight

Fascomp will continue to work closely with our customers and to ensure compliance with all requirements of the REACH Regulations.
